# WELCOME TO OOS 2016

The 2016 Ohio Osteopathic Symposium marks the seventh year of collaboration between the Ohio Osteopathic Association and the Ohio University Heritage College of Osteopathic Medicine Society of Alumni and Friends. What a collaboration it has been for our osteopathic family!

This year, we are bringing together hundreds of DOs with the overall goal to advance the health of patients and prepare physicians to lead the transformation of primary care. Sessions on dermatology, orthopedics, cardiology, women's health and OMM address our changing health care system and some of society's most pressing health issues.

We are proud that the newest members of the osteopathic profession will be joining us at the Match and Mentor Celebration on Saturday evening. We urge you to attend and help welcome and celebrate the future of the osteopathic profession!

## THREE EASY STEPS TO RECEIVE YOUR CME CREDIT

1. Sign in at the registration table. (Look for the balloons.) You only need to sign in once during the entire symposium.
2. Print your name clearly and indicate your AOA member number on the CME Verification Request Form to receive credit.
3. Complete the CME Verification Request Form (with your AOA number and email address). Indicate only the number of hours you attended, sign at the bottom and turn in with your evaluation packet at the Registration Desk before you leave. If you forget to submit it before leaving, you may fax the form to 740.593.9536.

The CME Verification Request Form can be found in the CME Verification and Evaluation Material folder you received at registration. Please note that there is only one CME Verification Request Form to complete, and you will only need to sign in once. Physicians must complete the CME Verification Request Form attesting to the total number of hours attended. Credit will be given only to physicians who return the form indicating the total number of hours attended. No credit will be given to physicians who fail to do so. Credit will be submitted directly to the American Osteopathic Association by the Ohio University Heritage College of Osteopathic Medicine. A certificate of attendance will be emailed or mailed to you approximately four weeks after the symposium.

## AOA UPDATE

### AN ADDRESS FROM THE PRESIDENT

John W. Becher, DO, of Pennsylvania, has practiced emergency medicine for more than 40 years. During that time, osteopathic medicine has seen exponential growth. And with 60 percent of DOs practicing in primary care, Becher believes the profession is well-positioned to help address the country's primary care shortage. His goals for this year include increasing awareness of osteopathic medicine, supporting research pilot projects documenting the impact of osteopathic medicine, creating new osteopathic-focused residency programs, and boosting advocacy efforts at the state and federal level.

## PARTNERS FROM THE BEGINNING

The Ohio University Heritage College of Osteopathic Medicine is celebrating its 40th anniversary, a milestone that would have been impossible without the support of the Ohio Osteopathic Association. The two have cultivated a four-decade relationship that began with the seed of an idea: growing the number of primary care doctors in Ohio.

“As a rower, I value teamwork and pulling together for a common goal. Let's do that for our profession. We will strengthen the future of osteopathic medicine and lead the transformation of health care in Ohio if we all PULL together.”

*Robert W. Hostoffer, Jr., DO, OOA President, 2015-2016*
